

Final Song - Mø

Please, won't you wait?
Won't you stay?
At least until the sun goes down
When you're gone, I lose faith
I lose everything I have found
Heart strings, violins
That's what I hear when you're by my side
Yeah, that's what I hear when you're by my side

**But when you're gone the music goes
I lose my rhythm, lose my soul
So hear me out before you say the night is over
I want you to know that we gotta, gotta carry on
So don't let this be our final song
So don't let this be our final song
So hear me out before you say the night is over
I want you to know that we gotta, gotta carry on
So don't let this be our final song**

Baby when we were young
There was nothing to make believe
And the songs that we sang
They were written for you and me
Melodies on repeat
That's what I hear when you're by my side
Yeah, that's what I hear when you're by my side

CHORUS

Ooh-ooh, take me to a higher ground
Here and now, whatever you do, just don't look down
Ooh-ooh, underneath the disco light, it's alright
We could make the perfect sound
We could make the perfect sound

CHORUS
